

THE LACOMBE

The Lacombe is a popular home. We have built it in several locations. The layout has been customized each time. There is a pair of archways cut into the interior log wall between the kitchen and the great room. The footprint is 32 x 64 and has had the master suite on the main floor or the loft floor. The living space is 2,400 square feet plus 700 sqft garage. Log shell with 14 inch mid diameter lodgepole pine starting at 54,000 US
