

THE RYCROFT

The Rycroft is a spacious 3 bedroom layout starting at 1,600 sqft. Put it on a basement and you have an incredible amount of space.

The 2016 square foot model has a beautiful open entrance flowing freely into a great room. High vaulted ceilings with lots of windows make this a bright open floor plan. Remember that these plans are only starting points and your ideas will make this your own custom dream home.

Log shell with 14 inch diameter spruce or pine starting at 54,000
